

PERGOLA SERIES

Appearance design presents a light and luxurious aesthetic. While maintaining stability and excellent sun and rain protection functions, the rough profile design is changed to make the whole more exquisite and perfect, blending perfectly into the courtyard and terrace, balcony, swimming pools and other leisure places, smart ecological blinds are a fashionable companion for outdoor living and outdoor leisure places in modern homes.

More styles can be designed and customized

Be at the forefront and lead the fashion. With quality and strength, it is favored by customers and is well-known at home and abroad.

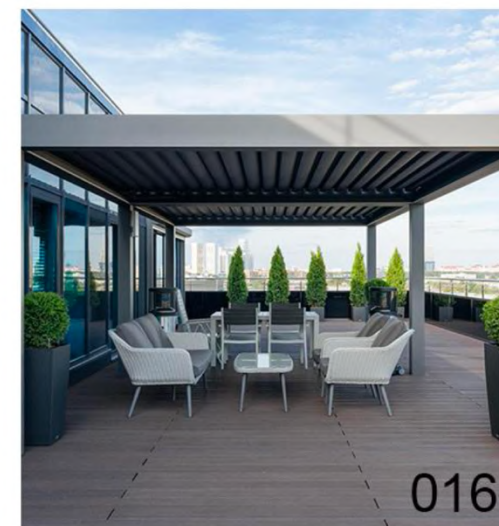

Sun-proof, waterproof, ventilated and dimmable

It's adopted a new generation of shading technology, which has a very good function of shading and rain protection. By flexibly adjusting the opening and closing state of the blades, you can also adjust the light and ventilation effects, and choose the best way to start outdoor leisure life.
